Tuesday, January 20: In-Person Review Day
Tuesday, January 27: In-Person Testing Day

February 2026

Tuesday, February 3: In-Person Review Day
Tuesday, February 10: In-Person Testing Day
Tuesday, February 17: In-Person Review Day
Tuesday, February 24: In-Person Testing Day

March 2026

Tuesday, March 3: In-Person Review Day
Tuesday, March 10: In-Person Testing Day
Tuesday, March 17: In-Person Review Day
Tuesday, March 24: In-Person Testing Day

April 2026

Tuesday, April 7: In-Person Review Day
Tuesday, April 14: In-Person Testing Day
Tuesday, April 21: In-Person Review Day
Tuesday, April 28: In-Person Testing Day

May 2026

Tuesday, May 5: In-Person Review Day
Tuesday, May 12: In-Person Testing Day
Tuesday, May 19: In-Person Review Day
Tuesday, May 26: In-Person Testing Day

June 2026

Tuesday, June 2: In-Person Review Day
Tuesday, June 9: In-Person Testing Day
Tuesday, June 16: In-Person Review Day
Tuesday, June 23: In-Person Testing Day

July 2026

Tuesday, July 7: In-Person Review Day
Tuesday, July 14: In-Person Testing Day
Tuesday, July 21: In-Person Review Day
Tuesday, July 28: In-Person Testing Day

August 2026

Tuesday, August 4: In-Person Review Day
Tuesday, August 11: In-Person Testing Day
Tuesday, August 18: In-Person Review Day
Tuesday, August 25: In-Person Testing Day

September 2026

Tuesday, September 1: In-Person Review Day
Tuesday, September 8: In-Person Testing Day
Tuesday, September 15: In-Person Review Day
Tuesday, September 22: In-Person Testing Day

October 2026

Tuesday, October 6: In-Person Review Day
Tuesday, October 13: In-Person Testing Day
Tuesday, October 20: In-Person Review Day
Tuesday, October 27: In-Person Testing Day

November 2026

Tuesday, November 3: In-Person Review Day
Tuesday, November 10: In-Person Testing Day
Tuesday, November 17: In-Person Review Day
Tuesday, November 24: In-Person Testing Day

December 2026

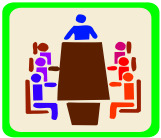

Tuesday, December 1: In-Person Review Day
Tuesday, December 8: In-Person Testing Day

Please consult our website for the most up to date schedule. Since we plan in advance, sometimes we must modify our schedule.

Medication Management Course Description

This course meets Virginia requirements for necessary training of a non-licensed person to administer medications in a group home (DBHDS license), adult day care center or residential children's home according to the Code of Virginia §54.1-3408. Our state certified trainers offer a 32-hour course, using the approved curriculum in Medication Management, including the Insulin Module.

Medication Management Online Learning (Part 1): During the online learning modules of the course, students will learn proper medication administration and record keeping. Completion of the online learning portion of the course is required before a student may attend their first Medication Management review day or testing day. Bremo course administrators will be verifying this when students arrive for these two days. Students are also encouraged to study outside of classroom time. Our workbook provides helpful details, illustrations, and practice examples for each of the task areas.

Medication Management Review Day (Part 2): The first in-person day of training begins with reviewing the online learning modules with practice warm up exercises in medication management. Students practice administering medications and keeping appropriate records, under the supervision of our facility trainer. This day gives the opportunity for students to ask questions and get help from our course instructor. Students will also cover training on the diabetes module with covers basic facts about diabetes, treatment and management options, as well as monitoring for high and low blood sugar. Students will learn how to perform a finger stick blood glucose test, and how to draw up and inject insulin.

Medication Management Testing Day (Part 3): Students will demonstrate competency in each task area by performing a skills check demonstration, as well as a written test. Students who do not pass all areas may schedule make up testing for focused task areas up to three times. Those who do not pass on their fourth attempt will be required to repeat Medication Management Classes Parts I & II. Students have one year from the date of receiving the online learning modules to complete the entire course. If greater than one year has lapsed, the student will be required to repeat the entire course (please review Retesting Policy at www.bremorx.com for further information).

Individual Enrollment Fee:

\$300

Includes online learning modules and in-person attendance at Medication Management review days, testing days, and one online study guide. The enrollment fee is required upon enrollment and must be collected prior to the distribution of online learning modules.

Sponsored Enrollment Fee:

\$65

Adult day cares, group homes or other entities that fully utilize Bremo LTC Pharmacy for their clients' prescription needs may register their staff members through sponsored enrollment. The enrollment fee is required upon enrollment and must be collected prior to the distribution of online learning modules.
