

Medication Discount Programs

Want to save money on
prescriptions?
Copays too high?
No insurance?

Learn more about your options!

What is a medication discount card/program?

- Provides discounts on prescription medications (not over-the-counter medications) at participating pharmacies for patients who wish to pay cash and save money.
- This is different from your insurance card and they cannot be used together

How do I enroll?

- Talk with a pharmacist at Bremo!

What are common programs? What do I need to know about them?

- **Bremo Prescription Plan** is offered at Bremo Pharmacy for individuals who want to save money on their prescriptions. To join simply give us a call at 804-288-8361.
- GoodRx is a commonly used discount card. GoodRx does not sell your MEDICAL data, HOWEVER...
 - GoodRx works with third parties that conduct marketing campaigns and you have to email help@goodrx.com to remove your contact from marketing lists.
 - **Cookies are tracked:** If you sign up for an account, information collected by cookies (a tracking mechanism) can be associated with your account information to collect, store, and sometimes track information for statistical purposes.
 - **Location data is followed:** When you are using GoodRx with a browser or mobile device, and enter a location, they collect and store that information.
 - **Remarketing:** Remarketing with Google and advertising is done online and offline. Cookies placed on your computer collect your information to assist Google, Facebook, and other third parties to feed advertisements or send direct mail campaigns to you based on your past visits to GoodRx and other websites.
